Pledge of Allegiance

Approval of Minutes

B. Gagnon made a motion to approve the minutes of the August 18, 2025 meeting.

C., Maynard seconded the motion

Motion carried.

School Budget Review

Kathy O'Blenes, Business Administrator at Governor Wentworth Regional School District, said the Salary-Regular Ed line on the budget is for teachers' salaries and support staff that are not special education; at the moment there are no support staff to include. She said she does everything in an excel spreadsheet and there is no breakdown in the system.

Members of the Board expressed frustration that they are not being given a breakdown of the school's budget lines. Without that information it is impossible for them to make recommendations or support the school budget.

R. Tufts-Keegan, resident, said the Board is asking for details of each transaction in each line.

K. O'Blenes said that would be multiple pages and could not be emailed.

Caroline Arakelian, Superintendent of Schools for Governor Wentworth Regional School District, said that a document for that information would have to be created. She said any 91A requests apply to existing documents.

C. Maynard said she and **B. Gagnon** have been asking for this information for years without success.

C. Arakelian said she does not think a transactional report would answer their questions. They are at the meeting today to do that.

B. Gagnon said for example what is in the supplies line.

K. O'Blenes said consumables such as crayons, markers, paper... Every purchase order goes through her to review and approve.

T. Donovan-Laviolette said there are reports that will show every purchase order. She is a bookkeeper and their salary lines list every employee by name.

K. O'Blenes said she can produce a transactional history but it can't be electronic. It would be hundreds of pages.

C. Maynard said there hasn't been any transparency in the School Budget and their questions don't get answered.

R. Tufts-Keegan suggested the school put the information on a flash drive.

J. Keegan, resident, asked for an explanation of the large increases in the budget.

K. O'Blenes went over the increases and timing of teachers' salaries and related expenses.

There was discussion about a new position that was suggested but not approved.

H. Cremen talked about doing a staffing assessment and the need to be proactive. There are paras and bus drivers who are not unionized asking for raises every year. That needs to be built into the budget. She said they have been pulling paras away from their duties to cover teacher absences because they aren't staffed and that shouldn't be happening.

J. Keegan expressed concern about the tax rate, particularly the effect on residents on fixed incomes. He said information on Town employees' salaries is readily available and they must work with a 2% cap.

C. Maynard said it's time the Town and School start working together better. The School budget needs to be more transparent; school boards in other towns are able to share information and answer questions. The School Board Representative should come to the Budget Committee meeting prepared to answer questions.

H. Cremmen said she will pass along the feedback. They have recommended a public outreach committee who should do more on the website.

There was discussion about the school website and why the Town is paying the SAU (School Administrative Unit) for services.

P. Sindorf talked about the Student First Act that went into effect July 1.

There was discussion about how the school analyzes opportunities to cut costs and specific examples were given.

B. Gagnon said that is the type of information they need and have not been getting.

There was discussion about the School Board Members' stipends and fees to the SAU.

H. Cremmen and **C. Maynard** explained their processes for getting questions answered.

H. Cremmen said she is making an effort to better address the Board's questions and asked if there was anything from the past two weeks that has not been addressed.

B. Gagnon asked that the answers be printed out and brought to the Budget Committee meeting.

Health insurance costs, contributions and the process for choosing providers was discussed.

The SAU contract and budget, union contract negotiations and increases in the cost per student were discussed.

S. Ferguson, Police Chief, presented the proposed Police Department Budget. He explained the current staffing situation, future plans and the cumulative effect on the Budget.

The reclassification of dispatch costs from the Municipal Budget to the Police and Fire departments were discussed as well as the rest of the lines, several of which are fixed contractual amounts. Exams, uniforms and vests were discussed.

S. Ferguson explained how on call and other coverage is handled.

C. Maynard asked about iPads in the cruisers.

C. Maynard said the budget was well presented and transparent, which makes the requested increases easier to understand.

J. Keegan, Chair, Zoning Board of Adjustment, reviewed the proposed plan for 2026. He does not anticipate the need for changes except for possibly increasing the legal line in anticipation of expenses due to recent changes in housing laws. There is \$15,000 available from a warrant article approved last March to put toward overspending in legal costs in 2025.

The cost of newspaper notifications and training/workshops was discussed.

R. Tufts-Keegan presented the Fire and EMS Budget proposed budget. It indicates a slight increase, primarily in shift pay, gasoline, and diesel expenses.

The use of the Ambulance Revolving Fund to cover potential overages was also addressed.

Tax caps, warrant articles and a new state law regarding towns that have tax caps were highlighted. The new law will require ballot votes instead of voice votes for increases above the cap.

J. Keegan presented the Highway Department Budget. Traditionally, they don't use the bulk of their budget until this time of year in preparation for winter. They expect a one dollar per ton increase in salt cost.

C. Maynard presented the Planning Board Budget. They expect their budget to stay about the same. New State laws will necessitate changing the Zoning Ordinance to comply. They should be able to leverage grants for this expense. The Planning Board is looking at proposing a growth management article to address the rapid increase in housing development and land sales.

H. Cremmen suggested reaching out to other towns since they are being affected by all of the State changes in housing laws. **C. Maynard** said they are working with Strafford Regional Planning Town who also deals with other towns in the County.

R. Tufts-Keegan talked about the overall tax cap and the status of a new trash pick-up contract.

K. Buzard presented the Conservation budget and talked about membership and training costs. **C. Maynard** noted the Conservation Budget went down \$200 from last year.

Timelines for Annual Meetings

Clarification was made on the difference between the Town and School Budget calendars for the new year. The Town operates on the dates for a traditional town meeting calendar and the school uses the SB2 timeline with ballot voting. All Board members need to be aware of the timeline and deadlines.

Rules of Procedure

It was decided to table discussion about Rules of Procedure until a future meeting.

Member Comments

C. Maynard said there is a seat available on the Budget Committee; they need one more member.

Adjournment

C. Maynard made a motion to adjourn the meeting at 8:45 p.m.

B. Gagnon seconded the motion.

Motion carried.

The next meeting is scheduled for Monday, October 20, 2025.

Respectfully submitted,

Robin Willis

Budget Proposal 2026

Issues and Options:

These increases are above and beyond the tax cap compliant proposal.

For line 4215-07 EMS Shift Pay I request to increase this line by \$10,000. This will allow for the continued expansion of EMS coverage. This will allow for more Per diem shift hours to be filled with personnel at the station. Allowing shorter response times for emergencies and decrease in coverage gaps.

For line 4220-01 Fire Member Expense. I request to increase this line by \$6,250 to allow for increased training and to cover increased membership and responses. Due to the growth in the department and increased attendance on calls and in training, This amount will allow the department to return to weekly training that were reduced to bi weekly due to budget constraints.

Thank you for your consideration on these matters.
